

At West Kirby Primary we are continuing our journey to become a Fairtrade Primary School. There are three different awards that make up this journey:

- FairAware Award
- FairActive Award
- FairAchiever Award

Each of these awards comes with their own set of targets to meet to embed FairTrade within the school.

Over the past few years, we have achieved the first two awards;

FairAware which involved finding out what pupils, staff and parents already know about FairTrade and learning about issues surrounding Fair Trade and FairActive which involved developing Fair Trade in our curriculum, developing links with another Fair Trade school and using Fair Trade produce in our school.

We are working on maintaining our FairAchiever which involves setting up a pupil-led Fair Trade Action Team, reviewing our Action Plan, completing FairAchiever Learning Challenges, holding a Fair Trade assembly and organising a Fair Trade event.

To help us on our journey we have a FairTrade Policy and Action Plan which you can also view.
