

# Online Learning- Bingo Board of Activities – Year 3 and 4

## Monday 17<sup>th</sup> July 2023

**Our first online TEAMs meeting is at 9:05am**

<p>Be Mr O'Rourke for the day! Plan your own workout or P.E. lesson and teach it to your family. If nobody is free, just write it down and do it yourself.</p> 	<p>Design your own crazy golf hole. What par is it? What obstacles are there? Draw it neatly. How many different 2D shapes can you use?</p> 	<p>Make up your own game. What is the aim? What is the name? What are the rules? This could be a board game or a physically active game.</p>	<p>Celebrate your home! Think about your feelings and the things you love and are grateful for. Either draw a picture or write a poem about it.</p> 
 <p>Find out 5 fantastic facts about one of the golfers participating in The Open at Royal Liverpool this year. Can you design a fact file?</p>	<p>Sketch what you can see. Look out of your window and draw or paint what you see. Or perhaps draw something you can see inside your house...a pet? A plant?</p>	 <p>Read a book and afterwards, explain to a family member why you like it. <b>For more challenge:</b> Think about a character you like. Plan another story about them – Where would it be set? What would the dilemma be? How would it end?</p>	<p>Build a den in your house or garden and imagine it is a time machine. What year will you travel to? What will you see and hear when you arrive? <b>For more challenge:</b> After playing in the den, write a few lines starting with 'I visited .... and I saw ...' Do some online research to find extra facts if you need to.</p>
 <p>With perfect handwriting, write some of the items you can see in your house. Look closely! <b>For more challenge:</b> Turn these words into a word search. Ask your family or a friend to find the words.</p>	<p>Play an online maths game. Use</p>  <p><a href="https://mathsframe.co.uk/">https://mathsframe.co.uk/</a> or <a href="https://trockstars.com/">https://trockstars.com/</a> or Live Mathletics <a href="https://login.mathletics.com/">https://login.mathletics.com/</a></p>	<p>Go on a virtual field trip <a href="https://www.weareteachers.com/best-virtual-field-trips/">https://www.weareteachers.com/best-virtual-field-trips/</a> What do you want to see? The Great Barrier Reef? Stars above the Sahara? Rover over Mars? <a href="https://govalleykids.com/virtual-field-trips/">https://govalleykids.com/virtual-field-trips/</a></p>	<p>Write a reflection about your year and set some targets for next year.</p> <p>What have you enjoyed most? What was challenging?</p> <p>What will you aim for next year to make you feel proud?</p>

**Our second online TEAMs meeting is at 2:35pm- be ready to share what you have been working on.**
