

Make a Shaker

Phase 1

Activities to try:

- Make a shaker with your child and talk about the sound it makes. Can you make it louder or quieter?
- Experiment with different contents and talk about the different sounds they make.
- Play a rhythm with the shaker and see if your child can copy it.

What is your child learning?

- Discriminating between different sounds
- Listening carefully to sounds and developing the vocabulary to describe them
- Awareness of rhythm
