

British Values in DT

How are British Values promoted through DT at WKPS?

Democracy	<ul style="list-style-type: none">• The children must take the views and opinions into account but still have the right to make their own choices.• To take turns both in speech and practically with others.• To understand that it is not always possible or right to have their own way and understand the value of compromise.
Rule of Law	<ul style="list-style-type: none">• To understand the importance of safety rules when using tools.• To understand and accept that if these rules are not followed that there are consequences to this.
Individual Liberty	<ul style="list-style-type: none">• To understand that there are able to listen to others but can use their own ideas and design choices when making an artefact.• To accept that others ideas may not be the same as their own but are able to accept this.
Mutual Respect	<ul style="list-style-type: none">• To listen to and consider the ideas and opinions of others even if they differ from your own.• To be able to take turns during discussions to resolve difficulties or make decisions.• To offer supportive comments in evaluations that will improve learning outcomes in a way that is objective but sensitive to the listener.
Tolerance of those with different faiths and beliefs	<ul style="list-style-type: none">• To tolerate ideas from others that are different to their own.• To understand that many great design ideas originate from other cultures

Design Technology is a rich and challenging subject through which those values can be investigated by our children as they progress through their educational journey.
