Year 5 Projects 2020

Dear Year 5 children

As an extended homework task, you are invited to produce a project on a theme or topic that interests you.

Previous project titles have been:

- Hilbre Island
- Various hobbies
- Famous people
- Family history
- Favourite authors
- Environmental/ Eco Friendly themes
- Lego

The list is endless and depends on what you are interested in.

Once you have decided on your project you need to gather information. You could visit the library, use the internet (with permission), interview people or write letters asking for information on your chosen project.

The finished topic **must** be in your own words and you can decide **how** you want to present it e.g. hand-written, word processed.

The design and layout of your project is up to you, but it should be presented as neatly and attractively as possible. It should be **illustrated** (using pictures, drawings, cut-outs) and should have **contents** at the beginning. It should have a bibliography at the end to show what books/websites/sources of information you have used. It should be about **6** pages long but no more than **10**.

If you decide to complete a project it should be brought back into school during the week beginning **Monday 20th April**.

The projects will be displayed for everyone to see and there will be prizes for the best ones.

Yours sincerely

Mrs K Takashima
Headteacher
