

Did you know?

We are all special. No one else is quite like you! Look at your hair, eyes, skin and height. **Did you know, our finger prints are one of a kind? No one else in the world has exactly the same!**

Although we have things unique to us, sometimes we have similarities to others too. We may be as tall as our friend or have the same hair colour.

It is good to recognise what we look like, but other things are important too. What you are good at, how you feel inside and what you like to do makes up who you are. Remember, everyone has feelings and we should take time to help others feel good too. At school we are learning to share, listen to others and take turns.

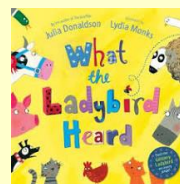

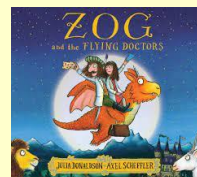

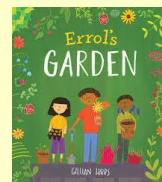

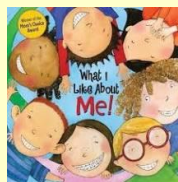

Your home is also a special part of who you are. Some people have lots of people in their family, whereas some families are very small. Some people live in houses, others live in apartments and sometimes even boats and more!

We live in a small town called West Kirby. There are lots of lovely places to explore including the Concourse, library, park, shops and beach. **Did you know, West Kirby is on the Wirral? The Wirral is a peninsula which means it is surrounded by water on nearly all its sides.**

In our community, there are lots of people that help us such as fire fighters, police officers, postal workers, shop
