

Maths Pick & Mix Autumn 1 2020 F1

Using dough is a great way to count.

*Dough Disco – Put on some music with a beat and pass the dough from 1 hand to the other squeezing and counting 1 number for each squeeze. What is the biggest number you can count to?

Choose a number between 2 and 5. Can you make collections of objects to match this number?

Choose an action such as hopping, jumping, star jumps or clapping.
Roll a dice and count the spots.
Can you do your action to match the spots on the dice?
e.g if the dice lands on 3, do 3 star jumps.

Make your own playdough, counting the ingredients in carefully. Here is the recipe:

You could use your dough to do some Dough Disco.

Read the story of Goldilocks and the 3 Bears or watch it online
<https://vimeo.com/33962579>

Can you act the story out with some of your toys?

Set up some skittles and see how many you can knock down by rolling a ball or throwing a bean bag.

If you don't have any skittles you can make your own using small milk or water bottles and half filling them with water, sand or rice.

Play Count with Lecky
<http://www.crickweb.co.uk/Early-Years.html>

Go on a circle hunt. How many different things can you find? Perhaps you could draw or take pictures of the things that you find.
